

# FROEDTERT MEMORIAL HOSPITAL

## REQUIREMENTS

Froedtert's goal was to use as much of their existing furniture as possible, supplemented by new furniture to move personnel from three different areas into one location. Schroeder Solutions was to complete this project in two weeks.

## RECOMMENDATIONS

Schroeder Solutions created a new space plan by utilizing the department's existing furniture along with new workstations and ergonomic seating. By using Trendway Corporation's express ship program in matching finishes and upholstery, we were able to order and retrieve the product in five working days. The Schroeder Solutions team was then able to disassemble all existing furniture, relocate it and install it in the two week time frame.

## PRODUCT SHOWCASE

- Trendway Choices II
- Izzy Seating
- Ergonomic Concepts Keyboards
- Installation/Move Coordination
- Project Management

## RESULTS

"We were extremely impressed with the quick turnaround time of the Account Managers, Designers, and Installers who helped us complete this project within the short time frame required by our customer. Terrific job by all involved."

*Neil Jensen – Froedtert Project Manager*
