

# SCHOENECK CONTAINERS

## REQUIREMENTS

Schoeneck Containers wanted to update their interior from a mid-80's to a 21st Century aesthetic, while providing an efficient and comfortable environment for their hard-working employees.

## RECOMMENDATIONS

Schroeder Solutions partnered with Design Dimension2 for design and furnishing solutions. Upon plan and budget approval, office employees were temporarily relocated to the training room and accommodated with furniture provided by Schroeder Solutions. This allowed the general contractor, Andersen Ashton to manage the demolition and complete the build-out of the interior. Schroeder Solutions provided all the flooring, furnishings, and accessories, as well as overall project management for this project. Through successful coordination, the team was able to complete the project within the budget and three month timeframe.

## PROJECT SHOWCASE

- Paoli Wood Casegoods
- Izzy Design Seating
- Global Systems Furniture
- Creative Wood-Executive Office
- Milliken Modular Carpet Tiles
- J & J Broadloom Carpet

## RESULTS

Paul Schoeneck's vision for the interior of Schoeneck Containers became a reality: "Our employees now have an efficient office space to help increase our productivity. The vibrant colors, stimulating upholstery and creative flooring works beautifully with the various types of furniture throughout the space. Schroeder Solutions did a super job for all our employees. Everyone who sees our new office loves it!"
