

# MILWAUKEE WORLD FESTIVALS, INC.

## REQUIREMENTS

The client's goal was to select a furniture dealership that could offer a budget conscious furniture line without sacrificing quality and service.

## RECOMMENDATIONS

By using a diversified line, we were able to achieve the aesthetic goals for each area while staying within the client's budget. Also, by reconfiguring and reusing existing workstation inventory, we were able to meet the needs of their growth.

## PRODUCT/SERVICE SHOWCASE

- Global Caseworks
- Design & Space Planning
- Evolve Systems
- Project Management
- Tuff Edge Tables
- Delivery/Install and Relocation

## RESULTS

"I didn't have the time to monitor this project so I was able to rely on your company's expertise in handling the schedule and installation. Schroeder Solutions did an outstanding job, quickly responding and turning around furniture layouts for our review. I was equally impressed with your furniture installers."

*Bob Gosse –  
Design & Planning Director*
